GÖTESSONS

FROM WORKPLACE TO CREATIVE SPACE™ 2025

WELCOME TO AN EVEN QUIETER ROOM WITHIN A ROOM

CASA

FROM: GÖTESSONS

CASA UNO

Welcome to an even quieter room within a room. Casa Uno is the phone booth designed for those who need extra concentration or need to make important phone calls that shouldn't be overheard. Inside, you'll find a fixed table for your computer, power outlets, charging ports, comfortable dimmable lighting, and an optional barstool. The booth is also equipped with automatic ventilation to ensure a pleasant and fresh environment.

Designed by o4i Design Studio.

BY DAVID DESIGN

NOW AVAILABLE AT GÖTESSONS

Since 2020, GöteSSons has had David Design as a sister company, and many of you have probably met us at trade shows in Sweden and Europe where we exhibited together. In many ways, we have found synergies between the companies, not least because several of our key functions have collaborated in the same building at the headquarters in Ulricehamn.

From January 1, 2025, you will be able to purchase a large selection of David Design's best-selling products through our sales channels at GöteSSons. As a result, our comprehensive offering within GöteSSons Design Group is strengthened, and above all, it will become easier for you as a customer to order multiple brands from a single channel. The offering for you as a customer will simply become even better and clearer!

See more of our new brand on page 238.

SOFA SANDY IN NEW SHAPES

SANDY

The Sandy serie is expanding with new seating modules and accessories. For enhanced sitting comfort, a backrest is available that can be easily attached with two stable metal rods. The previously round poufs are now complemented by straight modules called Anex. Create unique combinations by connecting middle and outer sections. These modules can be placed either free-standing or with one edge against a wall. Design by JOOY Design Studio.

Read more on page 148.

SANDY SOLUS

Sandy Solus is a freestanding seating furniture with two connected crescent-shaped seats and a central backrest. It's the perfect lounge solution for waiting rooms, entrances, and other public spaces.

Read more on page 149.

WALL DECORATIONS AND ROOM DIVIDERS

LINK

Link is a designed wire grid for ceiling/wall mounting that is added with Off the Grid absorbent in dressed or raw EcoSUND.

Read more on page 120 (wall) and 96 (ceiling).

FLORA PANEL

Create a plant wall with the Flora panel, designed to match the size of our other wall panels. It features a dense arrangement of various artificial plants, creating the beautiful illusion of a green oasis.

Read more on page 170.

DIVIDO IN NEW PATTERNS

Room divider Divido in molded felt give the room a lively feeling and screens open spaces. Consists of two panels that together form a neat pattern. We now launch three new patterns that we call Leaves, bubbles, circles.

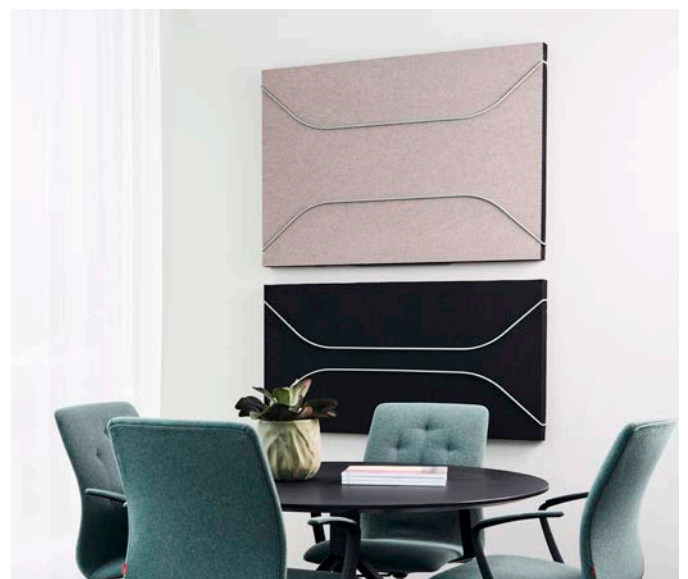

Read more on page 106.

CLAMP DESIGN

Clamp is a discreet and stylish suspension system for sound absorbers, designed to emphasize the material and maximize sound absorption.

ALLY BY LUDVIG SVENSSON

ALLY - THE BEAUTY IN THE CLEAN, UNMADE-UP AND VARIETY

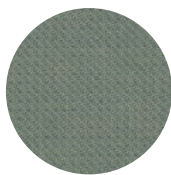

A Scandinavian design language, a fantastic natural material and solid craftsmanship sum up the furniture fabric Ally. It's made from wool of Norwegian sheep, which give the textile its significant look. The wide range of colours are dominated by natural tones that have been carefully chosen to bring out the wool's natural variations. The fabric is yarn-dyed, which allows the interplay of colours to form a pleasant pattern.

ACOUSTIC NONWOVEN

Colour: 901
(White Acoustic Nonwoven)

Colour: 902
(Black Acoustic Nonwoven)

With its air-permeable microperforating properties, Acoustic Nonwoven reflects the sound minimally when it hits the surface so that the sound absorber can absorb at maximum. The Acoustic Nonwoven provides a nice smooth surface that can withstand moisture, is odorless, does not rot or mold and does not create any allergies. Acoustic Nonwoven is also used as a barrier between insulation and air gaps, for example when furring stripes are used on walls in sports halls, concert halls, music studios etc. or as a surface layer on sound absorbers and suspended ceiling.

CARE BY FABRICOEUR

CARE - ARTIFICIAL LEATHER FOR MEDICAL CARE

Care is a PU (Polyurethane) artificial leather that can be used in hospitals/care as well as indoor and outdoor furniture. The surface of the textile is without structure, which makes it easy to clean and it has properties such as oil-resistant, urine-resistant, blood-resistant and alcoholable up to 70% alcohol.

CREEK BY VESCOM

CREEK - DURABLE VINYL WITH A TEXTILE LOOK

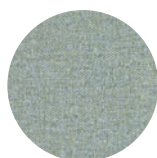

Creek's irregular melange surface gives it a soft design that reminds one of the appearance of linen fabric as well as having all of the strong, technical qualities that are found in a vinyl. The material can be disinfected with alcohol based detergents, which makes the products excellent choices in the healthcare sector as well as for different school and education environments.

Several of our products can be used in hospital environments and other similar operations. To ensure that the product meets the hygienic requirements placed on products in these environments, we recommend using the fabrics listed on this page. These textiles can be disinfected with cleaning products and have a moisture barrier that prevents bacteria from penetrating the product.

----------	-------	-------

Specify the article number as follows:

Screen - Color of textile (seam will be similar to textile).

Choose textile Care, Creek or Illusion II.

ScreenIT Health & Care is a floor screen that has been designed for the health care sector. It is built with a wood frame, filled with 30 mm soft core material and dressed in vinyl, which is easy to disinfect and wipe clean with alcohol based cleaner. The screen's long sides are both equipped with press studs to enable connecting as many screens as you want. Choose wheels or foot set for the screen for mobility and storage.

Thanks to the air gap between the bottom of the screen and the floor, cleaning under and around the screen is made easier. Usable in spaces such as: waiting rooms, corridors, schools, lunch rooms and the health and care sectors in general.

A

Clamp set for desk screen

For up to 42 mm desks. 2 pcs in one pack.

643065-2	Black*/whitewashed ash	335.43
643065-3	Silver*/whitewashed ash	335.43

UU

Clamp set for desk screen for angled edge desks

For up to 42 mm desks. 2 pcs in one pack. Not suitable for reinforced screens.

643015-1 White -2 Black -3 Silver 55.21/set

Clamp set for desk screen for angled edge desks longer than 1800 mm

For up to 42 mm desks. 3 pcs in one pack. Not suitable for reinforced screens.

643016-1 White -2 Black -3 Silver 82.66/set

* Color indicates wheels and fittings.

VV

Adjustable height screen mount set

Height adjustable 280 mm. To be ordered with mount or clamp. 2 pcs in one pack.

641059-3 Silver 45.21/set

Adjustable height screen mount set longer than 1800 mm

Height adjustable 280 mm. To be ordered with mount or clamp. 3 pcs in one pack.

641060-3 Silver 67.66/set

COMPARE SCREENS

ScreenIT Standard

The most competitive priced screen with a solid core and foam laminated textile. Transmission effectiveness, meaning no noise penetration. Total thickness 20 mm. Max load 6 kg.

ScreenIT A30

Wooden frame filled with sound absorbing anti-allergy foam and lined with foam laminated textile. Total thickness 40 mm. Max load 6 kg.

ScreenIT A30 Flexible/Wall

As ScreenIT A30 without holes. Can be used as a desk or floor screen or wall mounted.

ScreenIT A30 Reinforced

A wooden reinforced screen filled with sound absorbing material, pin able and with foam laminated textile. 40 mm thick. Takes up to 25 kg in accessories, monitors etc.

ScreenIT A40

Material as A30 but with a thicker absorber. Total thickness 50 mm.

ScreenIT A30 with built in rail

Reinforced A30 with a built in toolbar. Takes up to 25 kg in accessories, monitors etc.

ScreenIT AT40

AT40 is made of a solid wood core with A-classed sound absorbing material on both sides. Total thickness 40 mm.

ScreenIT Plexi

Desk screen made of acrylic plastic (plexi). Available in frosted, smoked, transparent.

Peak Desk screen booth

Desk screen solution with a slight tilted side screen. Material like ScreenIT A30.

ScreenIT A30 Desk booth / ScreenIT A30

Above desk Screen and side screens zipped together in the corners. Material like ScreenIT A30.

Silent Express

Silent Express is a stocked screen. Total thickness: 32 mm. Max load: 0 kg.

Read more and compare our Floor screens och Floor Screen Booths in the Floor Screen Chapter.

DESK SCREENS AND BOOTHS

An easy way to create a personal space and privacy, even in the most open office landscape. Our desk screens and booths protect you from both sound and visual distractions while their colour and shape contribute to a creative and productive environment. Several screens and textiles are Swan labeled in combination with each other. See the specification below. For more information regarding textiles, see page 6-16.

ORDER PROCEDURE

DESK SCREENS

1. SELECT SCREEN AND SCREEN SIZE
2. SELECT TEXTILE COLOUR
See colour map at page 6-16.
3. SELECT ZIP OR SEAM COLOUR
See colours on page 17.
4. SELECT CLAMPS OR MOUNTS
See page 22-25.

Specify the article number as follows:
Desk screen size - textile colour - zip/seam colour.
Example: 644140 - 01 - 101.

Below screens and textiles are Nordic Eco labeled in combination with each other.

SCREENS

ScreenIT A30 Desk screen
Silent Express

TEXTILE

Bond
Cara
Mica
Rivet

Applies in combination with desk mount in white and black.

For updated information, see
www.gotessons.com

DESK SCREEN BOOTH

1. SELECT SCREEN AND SCREEN SIZE
2. SELECT TEXTILE COLOUR
See colour map at page 6-16.
3. SELECT SEAM COLOUR ON SCREEN
See colours on page 17.
4. SELECT ZIP TO CONNECT SCREENS
See colours on page 17.
5. SELECT CLAMPS OR MOUNTS
See page 22-25.

Specify the article number as follows:
Screen booth - textile colour - seam colour - zip colour.
Example: 1178160 - 14 - 206 - 101.

ScreenIT A30 with magnets is developed to create a quick and easy assembly using magnets. The product is intended to be used on duo tables with beams as a frame. You attach the screen between the table tops to get a practical screen.

SCREENIT A30 FOR MAGNETS

ScreenIT A30 650 mm

See price ranges in textile chapter.

Magnet mount for A30 for magnets

Mounted with screws in the screen. 2 mounts included.

Magnet effect: 87 kg/piece. Ø 48 mm..

643017-1	white	57.98
643017-2	black	57.98
643017-3	silver	57.98

Technical information

2 magnets were attached to screen with bracket 643017.

The bracket sits 53.5 mm from the outer edge of the screen.

The power of the magnets: 87 kg/pc. Placed on the metal beam of the desk. Dimensions of the screen above the desk depend on the position of the beam.

The customer needs to measure the CC measurement between the centers of each beam. The magnet is Ø 48 mm. To maximize the use of the magnet's power, the entire magnet should be in contact with the beam, which means that the beam should be at least 50 mm wide. The screen can only be ordered with a seam.

There are three different standard dimensions:

	CC measurement between beams
ScreenIT A30 W: 1400	1293
ScreenIT A30 W: 1600	1493
ScreenIT A30 W: 1800	1693

If your table has other dimensions, contact Götessons.

Order procedure desk screen, see page 27.

The screen is developed to maximize sound absorption. It has a wooden frame filled with 30 mm sound absorbing material and is coated with a foam laminated textile.
It is also possible to use as pinboard.
Max load 6 kg. Total thickness 40 mm. For A30 Reinforced or A30 with built in rail.

SCREENIT A30 P1 AND A30 K DESK SCREEN

A30 P1 and A30 K have the same features as the A30, for details see above. The difference is the measurement from the outer edge to the bolt hole. A30 = 45 mm, A30 P1 = 150 mm and A30 K = 250 mm from the outer edge. Article numbers in column beside is for ScreenIT A30, if you want to order A30 P1 or A30 K, please contact Götessons.

Order procedure desk screen, see page 27.

As ScreenIT A30/A40 but with a built in toolbar rail as opposed to screwed on.
 Thickness: A30=40 mm. A40=50 mm. Can also be ordered with silver rail to the same price, to order start the article number with 10 instead of 11. Ex.1040080 instead of 1140080.

Can be ordered with other measurement from outer edge to bolt hole: e.g. A30 P1=150mm or A30 K=250mm. Contact Gotessons for article number and price.

This screen is the same as a regular A30, but the dimensions above the table are 500 mm.
 A requested product to get extra shielding.

SCREENIT A30 WITH BUILT IN RAIL

The desk version of our popular Peak Design Booth – slightly slanted side screens are combined with a straight front screen in order to create a dynamic pattern by your work space. Choose between height 650 mm or 800 mm and four different widths to suit your spaces. Side screens width is as standard 800 mm. Play around with different coloured booths or use one tone to create a room divider in your environments.

611325-2	black	193.94

Posts and arms are made of extruded aluminium. The attachments are casted in aluminium or laser cut sheet. Rail length, see www.gotessons.com.

COMPARE SCREENS

SCREENIT FLEXIBLE

As ScreenIT A30 without holes. Can be used as a desk or floor screen or wall mounted.

SCREENIT A30 FLOOR SCREEN

Wooden frame filled with sound absorbing anti-allergy foam and lined with foam laminated textile. Total thickness 40 mm.

SCREENIT A30/A40 FLOOR SCREEN WITH STRAIGHT CORNER

Wooden frame filled with sound absorbing anti-allergy foam and lined with foam laminated textile. Straight corner. Thickness A40 50 mm.

THE RISING

A patented floor screen that you can raise and lower freely to the desired height. The screen is a ScreenIT A30.

SCREENIT A30 FLOOR SCREEN BOOTH BUILDABLE

The floor screens are zipped together to form a booth on adjustable feet. Material like ScreenIT A30.

A30 PEAK DESIGN BOOTH

Sound absorbing booth solution with a slight tilted side screen to create dynamics and openness. The booth is coupled with zipper and can therefore be built in infinity. Total thickness 40 mm.

Read more and compare our desk screens and desk screen booths in the Desk Screen Chapter.

FLOOR SCREENS AND FLOOR SCREEN BOOTHS

In today's open office landscapes, floor screens can make the difference needed for the working climate. Screens that create rooms within the room, screens that take care of noise and buzz from office machines, writing on keyboards and talking colleagues. Everything from flexible screens to room dividers and booths can be found on these pages.

ORDER PROCEDURE

FLOOR SCREEN

1. SELECT SCREEN AND SCREEN SIZE
2. SELECT TEXTILE COLOUR
See colour map at page 6-16.
3. SELECT ZIP OR SEAM COLOUR
See colours on page 17.
4. SELECT CLAMPS OR MOUNTS
See page 22-25.

Specify the article number as follows: Desk screen size - textile colour - zip/seam colour.
Example: 644140 - 01 - 101
Colour code within the parenthesis is the textile producer's own colour code, is not used for orders.

FLOOR SCREEN BOOTHS

1. SELECT SCREEN AND SCREEN SIZE
2. SELECT TEXTILE COLOUR
See colour map at page 6-16.
3. SELECT SEAM COLOUR
See colours on page 17.
4. SELECT ZIP TO CONNECT SCREENS
See page 17.
5. SELECT CLAMPS OR MOUNTS
See page 22-25.

Specify the article number as follows: Screen booth - textile colour - seam colour - zip colour.
Example: 1178160 - 14 - 206 - 101
Colour code within the parenthesis is the textile producer's own colour code, is not used for orders.

Below screens and textiles are Nordic Eco labeled in combination with each other.

SCREENS
ScreenIT A30 Floor Screen

TEXTILES
Bond
Cara
Mica
Rivet

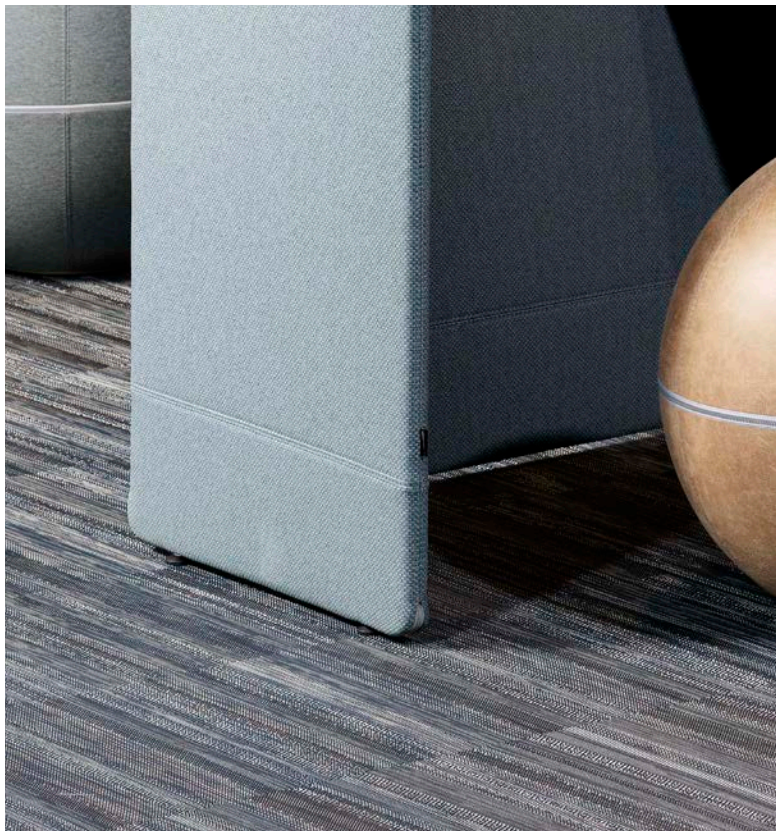

Applies in combination with foot pack in white and black.

For updated information, see
www.gotessons.com

A30 Floor screen provides a stable, stylish and practical shielding in open plan areas.
Total thickness 40 mm.

* For screens with a width over 1200 mm, we might add a decor seam when the textile width is not sufficient. Contact Gotessons if you have any questions.

ADJUSTABLE FEET

Floor screen booths include adjustable feet. Adjustable up to 50 mm.

Peak Design Booth is a booth solution with a slight tilted side screen to create dynamics and openness. The booth is coupled with zipper and can therefore be built in infinity. The height is as standard 1400 mm and the side screens have two different depths either 850 mm or 1200 mm. Select screens in the same textile or in a color scale to create unique workplaces. Keep clean and tidy around and under the desk by choosing a recessed cable grommet in the screens.

ROOM WITHIN A ROOM

Creating natural meeting places in large open spaces that today's offices often are made of, is one of the strengths with the room-within-a-room concept. Our products contributes with a dynamic feeling and an eye-catching detail, all while the screened off spaces generate creative condition and improve acoustics for everyone.

CASA

FROM: GÖTESSONS

DESIGN 041 DESIGN STUDIO

WELCOME TO AN EVEN QUIETER ROOM WITHIN A ROOM

Casa uno is the phone booth designed for those who need extra concentration or need to make important phone calls that shouldn't be overheard. Inside, you'll find a fixed table for your computer, power outlets, charging ports, comfortable dimmable lighting, and an optional barstool. The booth is also equipped with automatic ventilation to ensure a pleasant and fresh environment.

EASY TO MOVE AND STABILIZE

For easy relocation, the booth is equipped with wheels. Once positioned correctly, the adjustable feet can be lowered to stabilize and level the booth.

AUTOMATIC AIR FLOW

For the best possible oxygen environment inside the booth, it features automatic ventilation that ensures the air you breathe is always fresh and clean. Sensors detect when the booth is opened and increase the airflow speed accordingly. When not in use, the system quickly purges the air before entering a standby mode to reduce airflow, thereby saving energy resources.

WORK IN A DISTRACTION FREE ZONE

The booth is designed for efficient work in a peaceful environment, ideal for making phone calls or conducting digital meetings. It also offers the convenience of charging stations for phones and laptops if needed.

PROPERTIES

- A-Classed, 31,2 dB
- The inner walls are covered with felt material, choose between color beige or light grey
- Automatic ventilation
- Dimmable LED lighting
- Black laminate "finger print proof"
- Carpet in dark grey needle felt
- 8.76 mm acoustic lamellar glass
- Wheels and stand
- Choose outer shell in laminate or fabric covered
- Charging USB-C and power outlet
- The door is left-hung, cannot be changed

TEXTILE LIDO BY NEVOTEX

LEVEL

Open the door to a great workspace, wherever you are. Level is the office for compact living, for open spaces, or for temporary visitors. With a design that easily can be used for several needs and with excellent ergonomics in a small space. The cabinet comes in three different variants, all with a grey frame but with different doors. Choose between Wood Ash veneer, Wood Ash veneer with a mirror, or the Solid Grey model, which is ready to be painted or wallpapered. With its height-adjustable desktop, built-in sound absorber in light grey. Level is designed for work that is good for both body and mind. The cabinet is prepared for electrical and USB outlets, wireless chargers, laptop holders, monitor arms.

THE HUT GEM WITH DESK

The sound-absorbing house The Hut with an integrated desk makes it even easier to quickly offer a workplace or a meeting room with space for your computer or notebook. Electrical outlets or other electrical products can advantageously be mounted in the desk. Surface material on desk is laminate. The house's simple and straight lines are inspired by the classic Monopoly game and it's pieces, which gives a timeless shape for the popular and practical "room within a room" concept.

THE HUT GEM

Height of the desk 940 mm from floor, depth 800 mm. Fits bar stool with seat height 650 mm. Cable channel for lamp included, lamp is purchased separately. Thickness 40 mm.

The Hut GEM with desk

Including black footrest.

Time Out is a modern sound absorbing sofa with a roof built with A30 screens. Choose with or without electric sockets to create relaxed work spaces or a comfortable place to charge your phone in the lobby. The sofa works excellent as a solitaire piece or in a group. Two Time Out placed opposite each other creates a nice and airy room in the room. Great to combine with Backrest and Pocket Table for a complete solution.

WHITEBOARDS, NOTICE BOARDS, WRITING BOARDS

Stylish and practical writing and notice boards are a must for all creative meetings.

We have a variety of solutions to offer; independent on wheels, hung on screens or maybe placed in The Hut. Our mounted writing boards are great sound absorbers and offer the perfect place for pins, magnets or metal lists.

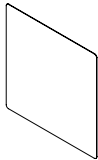

Scribble is our new whiteboard with hidden mounting fittings that makes the board more clean and stylish. Mount directly on the wall or choose the models attached to A40 screens. On wall or with feet to stand on floor.

SCRIBBLE WRITING BOARD

Scribble writing board

Magnetic writing board made of tempered glass. Sheet metal back. Concealed wall suspension for blackboard included.

CEILING

A good sound environment has a direct connection to our wellbeing. We have sound absorbents that are designed to be mounted on the wall and ceiling and to suit all types of environments. Our absorbents are made of EcoSUND, a unique sound absorbing core material produced together with acousticians for optimal sound absorption. EcoSUND is available in several colours and our products can be chosen in their raw material, be dressed with textile, printed, cut into different shapes and customised to suit your needs.

ROOM DIVIDERS

Several of our ceiling mounted absorbents also work as excellent room dividers.

They can be mounted on rails or directly in the grid to create rooms within the room, absorb sound and at the same time improve the decor with their colour and shape. Create zones where you combine the softer sound with the visual effect.

LINK CEILING

Link is designed to function as a standalone design and create new patterns the more you have on the ceiling or wall. The straight wires create a contrast to the round shapes, and through the wires, a completely new expression is achieved. By placing them straight, a linear design is created. By varying the wire direction, the design becomes more abstract. The design of the wires is inspired by the sound waves they are meant to absorb..

Link ceiling

Wire grid with wires for ceiling suspension or clips for ceiling/wall. With space for Off the Grid absorbent. 4 cables of 2 meters are included. Inner dimension depth 52 mm. Material: 5 mm steel wire.

644107-2	Ø 800	W. 1100	D. 62	black	286,70

(RAL 7033, GL 30)

CLAMP DESIGN

Clamp design consists of two metal brackets that are attached to the ceiling or wall and then combined with the EcoSUND effect. Clamp becomes a discreet and stylish suspension for sound absorbers where the focus is on highlighting the material to achieve maximum sound absorption.

Clamp design is also possible to mount on the wall, please see wall chapter.

Fix the acoustics with smart sound absorbent Effekt EcoSUND Ceiling/Wall with clamps. For a discrete sound absorbing system in the ceiling or on the wall, two clamps per panel is mounted, the panel is slid inside the clamps and improves the sound environment immediately. Choose Effekt Ceiling/Wall in raw EcoSUND in colour white, black, grey or bronze brown. To match the rest of your interior, dress the panels in textile Hush.

EFFEKT ECOSUND® CEILING/WALL

Effekt EcoSUND ceiling/wall

ADDON CEILING

AddOn Ceiling is a profile system for T-24 trusses. With a few clicks, the anonymous suspended ceiling turns into an interior detail that lifts the entire room. The system works with all visible T-24 supports, both new and old, and can be easily combined with Tiles EcoSund or Tiles Nova for uniform color. There are six muted colors as standard. For special colors, request a quote. Designed by o4i Designstudio.

ADDON CEILING

Powder coated metal. The profile system consists of cross profiles and ceiling profiles that are mounted on an existing T24 support structure. The metal profile is clicked onto the supporting structure. See assembly instructions at www.gotessons.se.

Order Tiles Raw EcoSUND (1-piece or 6-pack):

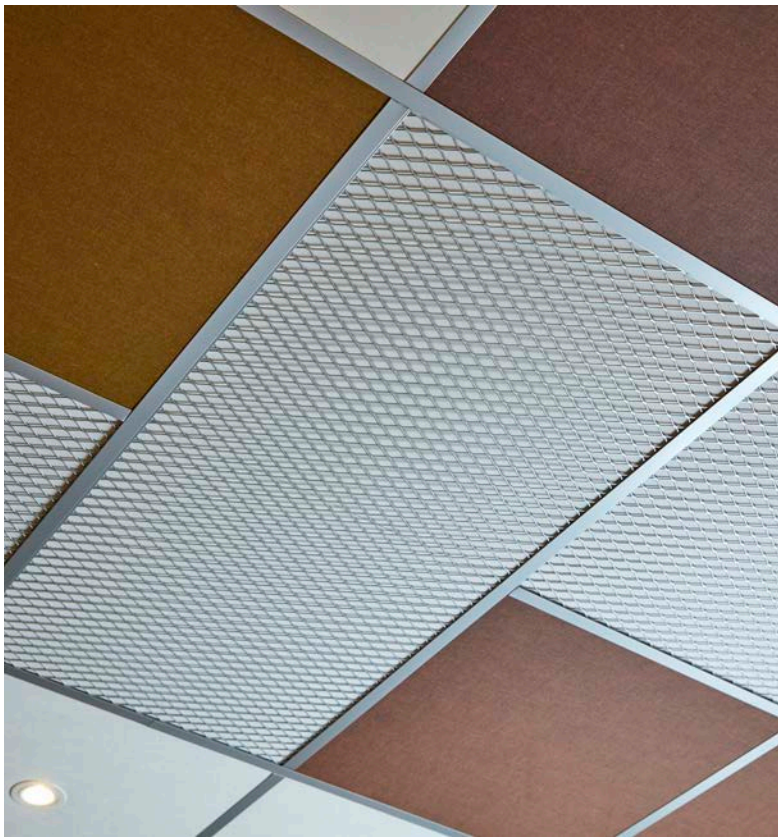

Art.no - Core material Example: 126800 - 1 = Tiles Raw EcoSUND in white

ORDER TILES ECOSUND DRESSED IN HUSH (1-piece or 6-pack)

Art.no - Colour of textile - Colour of edge (core material/raw)

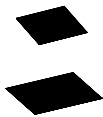

Example: 126800 - 567 - 1 = Tiles Dressed EcoSUND in blue Hush and white edge (core material/raw).

Colour code core material: white-1

In The Grid is a decorative wire frame in silver or brass, mounted straight into the ceiling grid, adding a luxurious touch to the room. Available in two sizes and can be combined with one or two Tiles for sound absorption. To match the rest of the interior, Tiles in all its variations can be used in In The Grid: Tiles Nova EcoSUND, Tiles dressed in Hush or Tiles in raw EcoSUND.

IN THE GRID

IN THE GRID

Available in two sizes and in colours silver and brass. Combine with Tiles.

644010-3	W. 595	L. 595	D. 4	silver	82.87
644010-20	W. 595	L. 595	D. 4	brass	84.26
644020-3	W. 1195	L. 595	D. 4	silver	130.53
644020-20	W. 1195	L. 595	D. 4	brass	133.19

Important info: Mounted straight in a T-24 grid.

In The Grid nature är another version of the popular decorative metal grid that is mounted directly in the ceiling grid. It can be combined with already existing ceiling panels or with Götessons Tiles for good sound absorption: Nova, raw or dressed. Create a fun pattern on the ceiling or build zones over work stations - the possibilities are many!

IN THE GRID NATURE

In The Grid nature

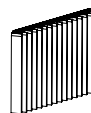

Mounted directly in T-24 grids. Can not be combined with Tiles with lamp.

644070-20	W. 595	L. 595	D. 10	brass	119.79
644070-3	W. 595	L. 595	D. 10	silver	112.98

Vertikal is an acoustic lamella blind, perfect for most types of spaces and is perfect to absorb sound that bounces against hard surfaces and large glass areas.

VERTIKAL ECOSUND®

Vertikal EcoSUND

The lamellas are made of our unique sound absorbing core material EcoSUND in white, grey or black. Standard lamella width is 127 mm and height 3000 mm and maximum rail length is 3000 mm. Vertikal is easily adjusted in different positions and can be pushed aside if you wish and is therefore suitable wherever you wish to regulate reverberation. The absorber can be dressed on one or two sides.

121240-

Contact us for price

ORDER VERTIKAL

1. Specify length of the rail
2. Specify whether the blinds should be pulled to the left, right, or parted in the middle
3. Choose the position of the strings right / left. Distance string-floor 1500 mm
4. Select the type of mounts (standard, T-24, distance or wall mounted)
5. Enter the desired overall height (mm) from the top edge of the rail to the bottom edge of the lamella
6. Choose colour of the core material
7. Choose fabric for the front
8. Specify fabric or warmed surface for the back. For other measurements, please contact us.

Important info: when light textile is chosen against dark core material, the dark shines through. The edge will be raw.

Colour code core material: white-1 black-2 grey-3 light grey-6

MOUNTS	Distance to ceiling mounts.
Additional brackets for T-24 ceiling grids	Wall mounts Standard ceiling mounts

Mounting: Attach the rail that is delivered with the blinds and mount the lamella blinds. The rail can be mounted onto the wall or ceiling with the mounts you have chosen. At the bottom of the blinds a chain is fitted between the weights.

Lod is an acoustic lamina bar made of our unique core material EcoSUND in white, grey or black that is visible on the sides. The bars are always laminated on the front and back - choose from the colours from Opaq on this page. Because Lod is hung, it can replace curtains or be used as a room divider.

LOD ECOSUND®

Lod EcoSUND

The Lod bars are 50x50 mm with an air gap of 40 mm. The rail is W: 45 mm and H: 25 mm. Maximum rail length is 3000 mm. Maximum bar length: 3000 mm. Lod is always bespoke to suit your environment's needs and is adjusted after the rail and bars' length.

121230-

Contact us for price

ORDER LOD

1. Specify length of the rail in mm
2. Select the type of mounts (standard, T-24, distance or wall mounted)
3. Enter the desired overall height from the top edge of the rail to the bottom of the bars
4. Select colour of core material
5. Select fabric for the front
6. Select fabric for the back.

Important info: when light textile is chosen against dark core material, the dark shines through. The edge will be raw.

Colour code core material: white-1 black-2 grey-3 light grey-6

MOUNTS	Distance to ceiling mounts.
Additional brackets for T-24 ceiling grids	Wall mounts Standard ceiling mounts

Mounting: Mount the rail to the ceiling or wall with the selected mounts. The bars are then hung in the hangers on the rail's bottom. At the bottom of the bars, attach the stabilising plate to the bottom of the bars.

PENDULA ECOSUND®

Pendula Cloud

Contents: 5 absorbents. Total height: 2370 mm. Mounts/Distances not included.

121400-	W. 2400	H. 400	D. 50	raw	936,28
121401-	W. 2400	H. 400	D. 50	dressed	1533,51

Colour code core material: white-1 black-2 grey-3 light grey-6

Consumption of distance packages 644002: The product can be mounted with a distance package directly in the ceiling bracket instead of a wire. It is recommended that there are several people during assembly.

Cloud: 4 packages for wire suspension, 5 packages for remote suspension.

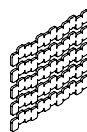

Consumption of ceiling packages 644004/644005: 1 package.

Consumption of wire 644006: 1 package.

See below for distance packages.

See next page for ceiling mounts.

Hanging from the ceiling, Pendula becomes an effective room divider that improves the acoustics in the room while also becoming a stylish interior detail. Design Henrik Kjellberg and Jon Lindström, o4 Design Studio.

Pendula Pixel

Contents: 5 absorbents. Total height: 2170 mm. Mounts/Distances not included.

121410-	W. 2400	H. 400	D. 50	raw	936,28
121411-	W. 2400	H. 400	D. 50	dressed	1533,51

Colour code core material: white-1 black-2 grey-3 light grey-6

Consumption of distance packages 644002: The product can be mounted with a distance package directly in the ceiling bracket instead of a wire. It is recommended that there are several people during assembly.

Pixel : 6 packages for wire suspension, 8 packages for remote suspension.

Consumption of ceiling packages 644004/644005: 2 package.

Consumption of wire 644006: 2 package.

See below for distance packages.

See next page for ceiling mounts.

Pendula Wave

Contents: 4 absorbents. Total height: 1600 mm. Mounts/Distances not included.

121420-	W. 2400	H. 343	D. 50	raw	607,55
121421-	W. 2400	H. 343	D. 50	dressed	854,15

Colour code core material: white-1 black-2 grey-3 light grey-6

Consumption of distance packages 644002: The product can be mounted with a distance package directly in the ceiling bracket instead of a wire. It is recommended that there are several people during assembly.

Wave : 3 packages for wire suspension, 4 packages for remote suspension.

Consumption of ceiling packages 644004/644005: 1 package.

Consumption of wire 644006: 1 package.

See below for distance packages.

See next page for ceiling mounts.

HOW TO ORDER PENDULA CLOUD/PIXEL/WAVE RAW

1. Art.No - Colour core/raw. Example: 121400-2 = Pendula EcoSUND 800x400x50 with black core/raw.

HOW TO ORDER PENDULA CLOUD/PIXEL/WAVE WITH HUSH

1. Art.No - Colour textile - Edge colour (core/raw).

Example: 121401-567-1 = Pendula EcoSUND 800x400x50 with blue Hush and white edge (core/raw).

2. Order ceiling package. Choose T24 or Ceiling package angle mount.

Consumption 1 package/Cloud/Wave, 2 packages/Pixel.

3. Order wire (if the product is to be mounted with wire).

Consumption 1 package/Cloud/Wave, 2 package/Pixel.

4. Order distance packages, observe the correct number. See information for each product.

DISTANCE PACKAGE PENDULA

Distance package

Contains: 2 hangers and 4 metal pins. The sprint goes through holes in the EcoSUND plate. The distance is mounted between two Pendulas. Space between absorbents will be 145 mm.

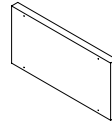

644002-1	white	-2 black -3 grey	15.85
----------	-------	------------------	-------

Pendula is an updated version of Effekt Pendent. The panels come in two widths and are made in our sound absorbing core material EcoSUND. Can be mounted solitaire on the ceiling or built vertically as a room divider. An effective way to improve acoustics in a room without changing existing installations such as ventilation, cables, lamps etc. The product needs to be mounted with the Pendula distance package and with an optional ceiling bracket, which is ordered separately. Design Henrik Kjellberg and Jon Lindström, o4i Design Studio.

----------	-------	---------	-----------	------

Important info: Can be mounted in any ceiling. Mounts 642041 or 642044 are needed for mounting in acoustic ceiling, are not included. Tiles with lighting are not recommended for Off the Grid.

LIGHTING

The Hut Lamp

5 m black textile-covered cord with switch and E27 socket. 3-step click attenuation, the light effect is easily changed by clicking on the switch. Lumens: 70 lm, 350 lm, 700 lm. Color temperature: 2100 K. Watt: 4 W. Mounting: earthed socket.

821020	142.77
--------	--------

Bright

5 m black textile-covered cord with switch and E27 socket. (Dimmer not included.) Lumens: max 470 lm. Color temperature: 2700 K. Watt: 4 W. Mounting: unearthed socket.

821025	187.77
--------	--------

An effective sound absorbing ceiling panel. Can be ordered with or without the LED light. Available in various styles and sizes. Made of recycled material. Thickness 50 mm. Sound Off EcoSUND is also available laminated with Hush textile and as a wall absorber.

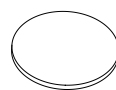

Improve the acoustics in the room with ceiling mounted and sound absorbing Sound Off Cloud. The cloud shaped sound absorbents are made of our unique core material EcoSUND and can be chosen in its raw state in different colours or dressed in colours from textile Hush. Create a dynamic impression by hanging the cloud at different wire lengths. For a 2-in-1 solution of sound absorption and lighting, choose the version with one or three LED lamps.

SOUND OFF ECOSUND® CEILING

SOUND OFF ECOSUND CEILING

Included: 2 m wire mount with loop and adjustable hook. Hook for ceiling not included. Dressed Sound Off EcoSUND is dressed on the underside. The edge will be raw.

NIVÅ ECOSUND® CEILING PANEL

Nivå EcoSUND ceiling panel

125595-	W. 593	D. 593
125596-	W. 593	D. 593

raw	88,94
dressed	134,04

HOW TO ORDER NIVÅ ECOSUND RAW

Art.No - Colour core.

Example: 125595-2 = Nivå EcoSUND with black core.

HOW TO ORDER NIVÅ ECOSUND WITH HUSH

Art.No - Colour textile - Edge colour (core).

Example: 125596-567-1 = Nivå EcoSUND with blue Hush and white edge (core).

Colour code core material: white-1 black-2 grey-3 light grey-6

Facts: Nivå is manufactured in dimensions of 593x593 mm in two versions, one to work as a wall panel sound absorbent, the other to fit grid systems for ceilings. Thickness varies across the surface from 30-90 mm. Nivå dressed can only be ordered in Hush textile. See textiles and core material in textile chapter.

Nivå improves acoustics and its design makes it a feature in any room. The panels can be varied to form different patterns in different colours, with or without textile. Nivå is made of our unique core material EcoSUND. Our core material is available in four colours, and with the possibility of laminating with several different textiles, your ceiling becomes almost unique.

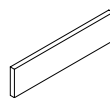

An effective way to improve the acoustics without having to change existing installations such as ventilation, cables, lights, etc. is to mount Effekt Pendant ceiling absorbers. An affordable solution that reduces noise reflexes and sound propagation in the room. Customize your absorbers by choosing from four core materials and laminate them with the Hush textile, available in several different colours.

Effekt is hung in hang wires that are connected and form a wall. An affordable solution that reduces noise reflexes and sound propagation in the room and divides the room into smaller rooms. Design your unique room divider by choosing from four different colours of EcoSUND, 3 different hang wires, and a variety of colours from the Hush textile. Effekt is not recommended for climbing.

EFFEKT ECOSUND® PENDENT

Effekt EcoSUND Pendant

Use to get space between Effect EcoSUND Pendant 1200x900x50 when used as a divider.

649001-1 white -2 black -3 silver 26.06/2pcs

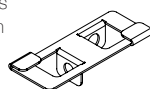

Tip! For mounting Effekt Pendant from floor to ceiling, visit gotessons.se for more measurements regarding hang wires/wire hooks/clamp packets.

Effekt ceiling package

Content: S hook (silver), angle mount for ceiling and clips for ceiling rail.

643002-1 white -2 black 38.09/2pcs

Adjustable mount T24

Contains: 2 brackets.

Adjustable, means that you can fold down two different tinplates to swing down products in two different directions. Can not be hung directly on EcoSUND.

642044-1 white 2 black -3 silver 7.13

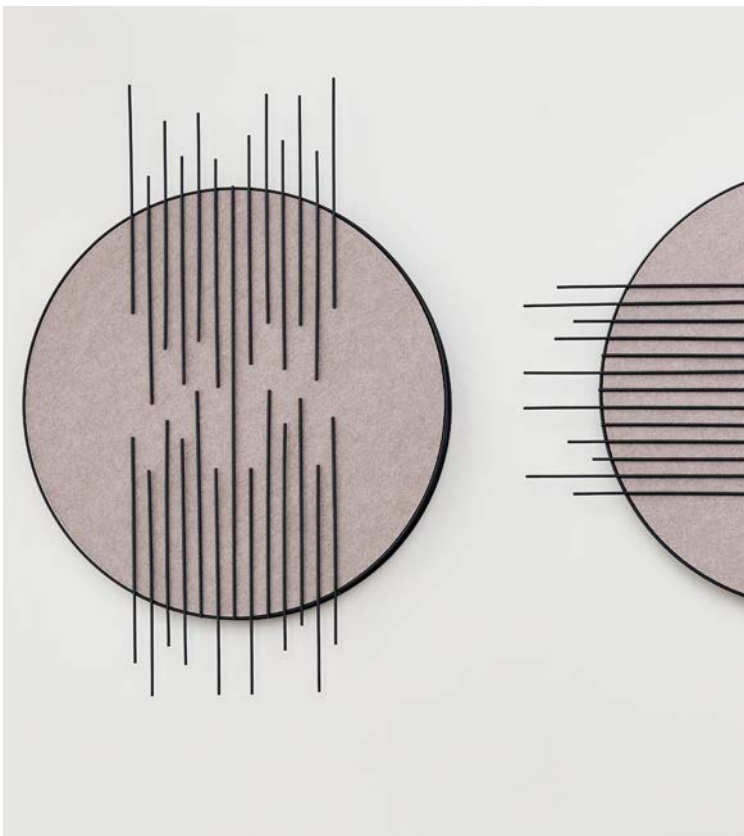

WALL

A good sound environment has a direct connection to our wellbeing. We have sound absorbents that are designed to be mounted on the wall and ceiling and to suit all types of environments. Our absorbents are made of EcoSUND, a unique sound absorbing core material produced together with acousticians for optimal sound absorption. EcoSUND is available in several colours and our products can be chosen in their raw material, be dressed with textile, printed, cut into different shapes and customised to suit your needs.

LINK WALL

Link is designed to function as a standalone design and create new patterns the more you have on the ceiling or wall. The straight wires create a contrast to the round shapes, and through the wires, a completely new expression is achieved. By placing them straight, a linear design is created. By varying the wire direction, the design becomes more abstract. The design of the wires is inspired by the sound waves they are meant to absorb.

Link wall

Link is a wire grid with 6 pcs hanging clips for wall mounting.
With space for Off the Grid absorbent. Inner dimension 52 mm.
Material: 5 mm steel wire.

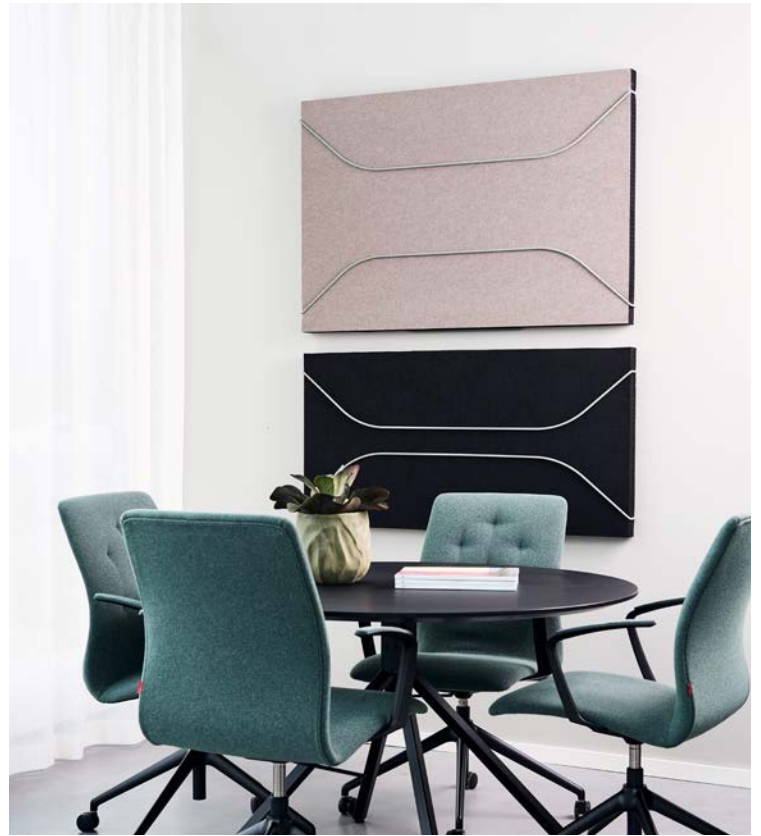

644110-2	Ø 772	W. 1100	D. 62	black	286,70
----------	-------	---------	-------	-------	--------

Off The Grid absorbent EcoSUND circle

126124-	Ø 750	D. 50	raw	109,04
126125-	Ø 750	D. 50	dressed	174,79

For Off the Grid circle: choose Off the Grid absorbent in white, black or grey raw material or dress in Hush. See textiles in the textile chapter.

Can also be mounted on ceilings, see the ceiling chapter.

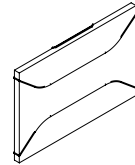

CLAMP DESIGN

Clamp design consists of two metal brackets that are attached to the ceiling or wall and then combined with the EcoSUND effect. Clamp becomes a discreet and stylish suspension for sound absorbers where the focus is on highlighting the material to achieve maximum sound absorption.

Can also be mounted on ceilings, see the ceiling chapter.

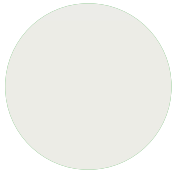

Clamp Design

Brackets are mounted on the ceiling or on the wall.
Fits Effect with width 1200 mm.
Material: powder coated metal. 2 brackets included, screw not included.
The clamps builds 260 mm into the absorber.

Honey is a playful and modular wall panel that can be varied to form different patterns in different colours, with or without textile. All panels have good sound absorbing properties. Honey is made with a straight edge and comes with velour backing for easy mounting with Hook & Loop tape. The sound absorbent is made from our unique core material EcoSUND. Our core material is available in four colours and with the ability to dress textiles in several colours your wall becomes almost unique.

HOW TO ORDER HONEY ECOSUND RAW

Art.No - Colour core.

Example: 125520-2 = Honey EcoSUND 600x520x20 with black core.

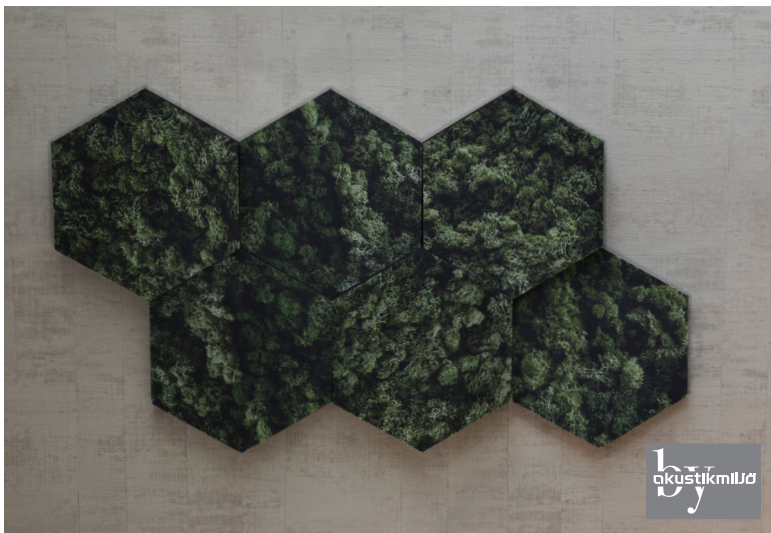

HOW TO ORDER HONEY ECOSUND WITH HUSH

Art.No - Colour textile - Edge colour (core).

Example: 125521-567-1 = Honey EcoSUND 600x520x20 with blue Hush and white edge. (core).

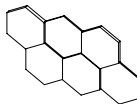

Important information: Honey is manufactured with a straight edge for even corners and velour backing for easy assembly with Hook & Loop tape. Dressed Honey can only be ordered in the textile Hush. The edge becomes raw. Our core material is available in four colors and with the option to dress with textile in several colors. See textiles and core materials in the textile chapter.

Colour code core material: white-1 black-2 grey-3 light grey-6

Honey print is a playful wall absorbent with beehive-shaped panels in three different thicknesses that together create an effective 3D feeling in the room. Honey print is available in several patterns inspired by nature.

821.28

Cubism is a playful sound absorber with diamond-shaped panels that can be varied to create unique patterns in different colors.

CUBISM ECOSUND®

Cubism

Sound absorbing wall absorbent. Core material EcoSUND.

Upholstered: Hush, edge in raw core, black, grey or light grey.

Thickness: 50 mm.

An absorbent/panel has the dimensions 450x260 mm.

There are 12 panels in a package that has 3 different color schemes.

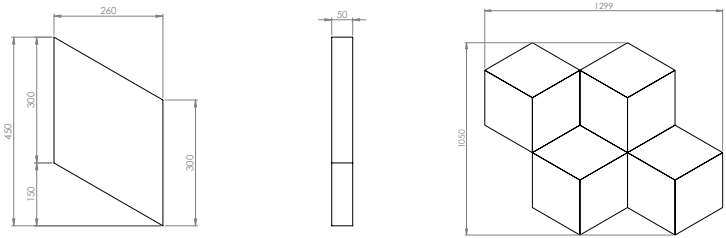

Assembly: Velor-covered back and Hook & Loop tape.

The colour combinations are predetermined.

Dressed in colors from the Hush textile.

- o 121290-2 Ash - Hush 4x60155, 4x60159, 4x60900 with black core
- o 121291-2 Ocean - Hush 4x60155, 4x60159, 4x67046 with black core
- o 121292-3 Lava - Hush 4x61225, 4x64148, 4x63058 with grey core
- o 121293-6 Forest - Hush 4x68103, 4x61226, 4x68160 with light grey core

121290-2	ash	244.89/set
121291-2	ocean	244.89/set
121292-3	lava	244.89/set
121293-6	forest	244.89/set

WOODSTOCK ECOSUND®

Woodstock EcoSUND

The circles edges will be raw in white, black, grey or bronze brown.

121212-1	white	797.34
121212-2	black	797.34
121212-3	grey	797.34
121212-4	bronze brown	797.34
121212-6	light grey	797.34

Each packet includes 12 circles:

4 x Ø250x50 mm

4 x Ø300x40 mm

4 x Ø350x20 mm

To create a dynamic pattern, each size group is printed with a different image.

Facts: Wallmount with Hook & Loop tape included. The edge will be raw.

Colour code core material: white-1 black-2 grey-3 bronze brown-4 light grey-6

Bring nature inside. The circles are made with the environmentally friendly and sound absorbing material EcoSUND and are then printed with different images of trees' age rings. Combine the twelve circles in the order you find most harmonious and enjoy how good looking good acoustics can be. Perfect for settings like offices, conference rooms and hotels.

A very good sound absorber for hanging on the wall consisting of recycled material. Available in different types and sizes. Sound Off can only be ordered with Hush.

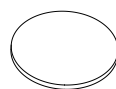

Colour code core material: white-1 black-2 grey-3 light grey-6

DESIGN YOUR OWN PRINT BOARD

Absorbents with print not only improve the sound environment, they are also a simple and playful way to visually change and create a stylish interior design in everything from offices and conference rooms to public rooms and restaurants.

Print is sound-absorbing art where the image motif is printed on a canvas that is laminated onto our sound-absorbing core material EcoSUND. A simple means that creates a personal atmosphere and improves the sound environment.

Our prints are available with different frames and sizes. Read more on the following pages.

In our new Print Shop at gotessons.com, you can make your own painting.

MOTIVE

Choose a design from one of our image banks, either the royalty-free collection or the one featuring our artist collaborations. You can also use your own image.

ROYALTY FREE PICTURES

You can choose your own motif or choose pictures or illustrations from our image bank or one of many image banks on the internet.

PICTURES WITH ROYALTY

Be inspired and choose motifs from our image bank with pieces from both innovative as well as traditional artists, photographers and photo artists, such as this piece of art from Soul Image.

FRAMING

You can get our prints with a hidden frame, a straight-cut edge, a lacquered metal frame in black, white, or gray, or a wooden frame covered with walnut or oak veneer.

white

black

grey

oak

walnut

Print with frame: mounted using two or four screws in pre-punched keyholes in the frame or on a mounting rail, sold separately. The frame is 15 mm wide with a gloss level of 30.

Print with wooden frame: mounted using two or four screws in pre-punched keyholes in the frame.

Print with hidden frame: positioned beneath the print canvas and mounted using two or four screws in pre-punched keyholes in the frame or on a mounting rail, sold separately.

Print with straight-cut edge: features a velour-lined back and hook and loop strips that are screwed or stapled to the wall.

SIZE

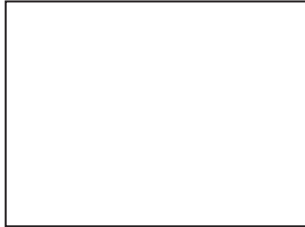

Choose the size of your artwork. Our standard sizes are 600x600, 1200x600, 1200x1200, 1200x900, and 1200x1600. Wooden frames are available in 1200x1200 and 1200x1600.

Custom sizes can be made upon request.

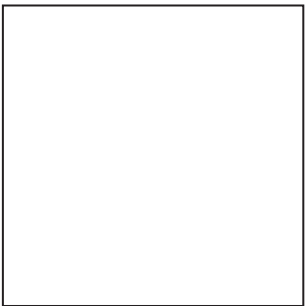

Example:

1200x600

1200x900

1200x1200

*For orders of W. 2400 mm, minimum quantity: 5 pcs. For quantity less then 5 pcs, we recommend Big Print.

Big Print is more than an acoustic solution for your environment, it is an acoustic element that sets the tone in the whole room. Use your own or a bought illustration/photo to suit your interior. Big Print can be ordered in large as well as small formats with the benefit that a new printed canvas is all you need to order if you in the future want to change the image. The aluminium frame and EcoSUND absorbents remain in place.

BIG PRINT ECOSUND®

Big Print EcoSUND

Thickness: 40 mm.

Contact us for price

ORDER BIG PRINT

Contact us for a quote. Picture choice: Choose pictures from our image bank or send in your own. Gotessons can also help you purchase images from an image bank.

Mounting: Big Print is delivered in parts. In any measurements up to 3 x 50 m, Big Print can be delivered in one piece without a splice. For bigger measurements, the print is made on several canvases. The aluminum profiles that make up the frame are mounted in straight angles on the wall and sound absorbents are attached with Hook & Loop tape directly onto the underlying wall. Wrap the printed canvas over the absorbent and insert the attached rubber strip into the groove of the aluminum profile to hold the canvas in place.

Nivå improves acoustics and its design makes it a feature in any room. The panels can be varied to form different patterns in different colours, with or without textile. Our core material is available in four colours, and can be dressed in with several different textiles, your wall becomes almost unique. The thickness of the absorber varies over the surface from 30-90 mm in the cut rectangular and square patterns.

Fix the acoustics with smart sound absorbent Effekt EcoSUND Ceiling/Wall with clamps. For a discrete sound absorbing system in the ceiling or on the wall, two clamps per panel is mounted, the panel is slid inside the clamps and improves the sound environment immediately. Choose Effekt Ceiling/Wall in raw EcoSUND in colour white, black, grey or bronze brown. To match the rest of your interior, dress the panels in textile Hush.

Sound absorbing 3D letters for hanging on the wall with Hook & Loop tape consisting of recycled polyester foam and dressed with Hush. Contact Gotessons for more information regarding other signs and sizes, etc. Sound Off letters can only be ordered with Hush. The edge will be raw.

Tell-Us improves the acoustics and enhances the interior design with its 3D effect. The sound absorbent is made of our unique core material EcoSUND. Tell-Us is as standard available with a grey, black or white frame and can be ordered with textile Hush. The textile is selected for its ability to allow the sound pass through to the acoustic panel to achieve maximum sound absorption.

SOUND OFF ECOSUND® LETTERS

Sound Off EcoSUND letters

The standard letter type is Arial Black. The standard height is 350 mm and thickness 50 mm. With Hook & Loop tape that is hammered or stapled to the wall.

120110-	H. 350	raw	55,00
120100-	H. 350	dressed	79,79

HOW TO ORDER LETTERS RAW:

Art.no - Type of letter / digit / character - Colour core.
Example: 120110-E-3 = Letter E in grey.

HOW TO ORDER LETTERS WITH HUSH:

Art.no - Type of letter / digit / character - Colour of textile - Colour core.
Example: 120100-E-569-1 = Letter E dressed with green Hush and white edge (core).

See textiles and core material in the textile chapter.

Colour code core material: white-1 black-2 grey-3 light grey-6

TELL-US ACOUSTIC WORLD MAP

STORAGE

STORAGE

Create order with smart storage units with sound absorbing qualities. Thanks to smartdesign such as cable management, place for the TV, writing board and electric sockets, the needs are met for many types of spaces. Create zones and rooms within the room, move around thanks to the mounted wheels or build a meeting point with the storage at its center. Creative spaces see the possibilities!

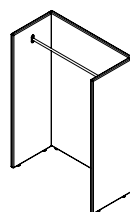

SCREENIT WARDROBE

Sound absorbing booth for hanging clothes. Perfect for the modern office or for other public spaces. Built with A30 floor screens and clothes rail Ø 25 in black or white lacquered metal.

SCREENIT WARDROBE

ScreenIT Wardrobe

Constructed with wooden frame, 30 mm sound absorber and 5 mm foam laminated textile. Total thickness 40 mm. Straight corners, radius 10. Adjustable feet. Size assembled 1280x1800 mm.

891072-2	black	81.60

Moving Wall Tower is the tallest of the three versions and built with A30 screens for good noise absorption. The furniture is easily moved thanks to braking and lockable wheels. Tower has shelves on both short sides and in the middle of one long side - excellent for storage and design. On the top shelf in each end there is a cable grommet to draw cables inside the furniture, these can be exchanged for Power Grommet for easy access to electricity. There is an opening with a lid on top for access inside Tower. Tower, Bridge and Media are great in combination with each other.

Bridge is one of three models in the series Moving Wall. It's a room divider on lockable wheels. The furniture is built with A30 screens and therefore an excellent sound absorbent. On the top, 2 pcs cable grommets are mounted for cables to be easily drawn inside the furniture. If needed, Power Grommet can be mounted instead.

MOVING WALL TOWER

HOW TO ORDER MOVING WALL TOWER/BRIDGE:

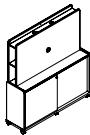

Art. no - textile.

Example: Moving Wall Tower - Bond 755 110020 - 755 (seam like textile).

Media is one out of three room dividers and storage units in the Moving Wall series. It has shelves on the short sides and in two sections on the front, hidden behind sliding doors with a lock. The front it also prepared for mounting a TV and the back for a Sketch Writing board, see Sketch in the Whiteboard chapter. Built with A30 screens, Media is also a great sound absorbent and a flexible interior element thanks to braking and lockable wheels. 2 pcs cable grommets are mounted on top and 1 pc in the center where the TV is mounted in order for cables to easily be hidden.

TABLES

Round or rectangular, large or small. Or why not foldable? Adapt the table to the interior and needs and not the other way around. Here is the new No Pocket Table and our round table Sit Around together with the transforming furniture iQseat where the backrest is easily transformed into a small work table.

SOFT SEATING

Soft seating stools at the office that act as an extra seat for visitors and used for private storage. Comfortable sofas with high backrests creating sheltered privacy, a place to meet or retreat. Soft lounge furniture for a short nap to quickly get some new energy for the next meeting. Seating for all kind of environments where you can design and build your own creative space.

SANDY SOFA

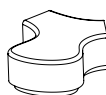

The Sandy family is growing with new seat modules and accessories. For a more comfortable sitting comfort, there is a module with backrest. The former round seat puffs are joined by straight modules like Sandy annex. Create your own unique combinations by putting together center sections and outer sections. They can be placed freely or with one edge against a wall. Design: JOOY Design Studio.

Sandy backrest comes pre-assembled and is connected to other accessories through magnetic coupling. Easy mounting, no tools are needed.

SANDY SOFA

Constructed of MDF, covered with foam and textile.
Base in oak, ash, walnut, black or white laminate.

Sandy middle section

Mounted with magnets.

W. 1450 H. 460 D. 1260

How to order Sandy backrest:

1: Choose textile for backrest section.

Example: 647608-316 (Era, Calendar CSE19), Color of textile = color of seam

2: Select color of laminate.

Example: 647608-316-911 (oak laminate).

How to order Sandy annex:

1: Choose textile for the annex section.

Example: 647607-350 (Noble lux, 608 light beige), Color of textile = color of seam

2: Select color of laminate. Example: 647607-350-911 (oak laminate).

SANDY SOLUS

Sandy Solus is a freestanding seating furniture with two connected crescent-shaped seats and a central backrest. It's the perfect lounge solution for waiting rooms, entrances, and other public spaces.

SANDY SOLUS

Constructed of MDF, covered with foam and textile.
Base in oak, ash, walnut, black or white laminate.

Sandy Solus

Note: The Hut Bench with Table Top includes 2 x 2 sockets. Table Top is a power outlet mounted in the bench. Max load 400 kg per Bench. Bench height includes mattress and wheels.

Prices apply to colours in the textile chapter. Textiles that can be selected:

Pricer. 1: Event Screen +, Houston Reflect, Mica, Omega, Pearl, Slope, Tonal

Pricer. 2: Era, Kaiman, Lido, Noble lux, Rivet

Pricer. 3: Ally, Blazer, Bond, Synergy

Pricer. 4: Illusion II, Remix 3

Bench – the key object in three formats as a part of The Hut Lounge collection. Place a Free Bench in the entrance fitted with Table Top to meet every visitor's wish. Combine the Square Bench with any constellation to create dynamic and add an extra nice design detail.

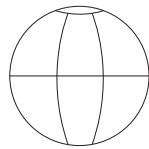

A fun and great seating furniture for the office that strengthens muscle groups in your back and legs and keep them active while you work. The Office Ballz is available in two sizes in a large variation of textile and zippers so it is easy to match it with other furnishings in the office. You regulate the inner ball easily with the included pump and the bottom is reinforced which makes it stable.

Office Ballz Medley is always unique thanks to the textile cover produced by left over fabric from our standard range soft seating textiles: Synergy, Remix, Blazer, Noble Lux, Slope, Mica, Event Screen, Lido, Bond and Rivet. The textile cover is available in four colour themes and is made of these textiles. Medley is built up by an inflatable pilates ball inside, textile cover and a metal plate in the bottom for stability and ergonomic benefits when used. The handle and leather protecting the metal plate are also made of left over material.

Flexible, comfortable, playful and stylish - a few words that describe IQseat. Lean back on this soft seat with a backrest or turn the backrest into a table when writing down your ideas. IQseats multi-functionality with wheels makes it suitable in many different spaces. Choose from white or black details - the table, wheels and pipe follow that colour choice. The design duo Henrik Kjellberg and Jon Lindström from o4i Design Studio have designed IQseat, which Götessons has developed and produced.

IQSEAT

IQseat

Seam is always like textile. Details/wheels can be chosen in white or black. Two lockable wheels. Max loading: 144 kg. Seat height: 500 mm.

Seam will be similar to zipper tape.

A sleek and modern seating furniture to create more diverse environments. The product is also a very good sound absorber. Hang On is available in two different heights and with a wide range of textiles and zippers.

ERGONOMIC PRODUCTS, MATS AND FLOOR PROTECTION

Protect everything from top to bottom!
Ergonomical products, smart foot and wrist support that make sure you are in the right position when you work. A variety of types of removable carpets and floor coverings to prevent unnecessary wear.

YOGA MAT STANDZON

Yoga is an ergonomically designed anti-fatigue mat that is ideal for standing work. The mat has a smart handle, making it easy to hang on either wall or by your screen on the desk when it isn't being used. Fits hanging on the ScreenIT A30 hook.

Yoga mat Standzon

Soft ergonomic mat with cork or textile-clad surface. The core is made of absorbing and silencing material polyurethane.

W. 980 H. 18 D. 520

180005	grey	128.94
180006	cork	135.11

DOT STANDZON

Dot Standzon, a sibling to popular Yoga Mat Standzon. The round shape nicely breaks off the classic square and rectangular shapes office furnishing often consists of. With its smart handle, the mat can easily be hung on a hook mounted on the wall, desk or a ScreenIT A30.

Anti-fatigue mat Dot Standzon

Soft ergonomic mat in cork or textile-clad surface. The core is made of absorbing and silencing material polyurethane.

RomboPlanter - Colour of textile (Seam will be similar to textile colour).

RomboPlanter is a textile-covered pot that can be filled with plants. Available in two different heights for the possibility of nice arrangements. Design Henrik Kjellberg and Jon Lindström, o4i Design Studio.

PLANT DIVIDER

Plant Divider is a textile dressed room divider to be combinable with plants and is a personal and flexible interior design detail. Built with 30 mm sound absorbents, it contributes to a better sound environment. Mounted with lockable wheels for easy movement.

PLANT DIVIDER 1100

Plant Divider 1100 mm
Areca Palm and Longifolia are not recommended for this product due to their sizes. Always seam like textile.

POTS

Combine our stylish pots and oil drums with each other to set the right tone in your interior. Easily create a dynamic and modern oasis by combining sizes, nuances and shapes. Use as a room divider or to create a welcoming, furnished space. Place the plant in a pot or oil drum and add some mulch for an extra stylish finish. Tip: fill the pot with paper, packaging or similar to raise the plant. Then add wood chips or decor stone.

THE LIGHTNING FLOOR LAMP

The Lightning Floor Lamp

Cable 3,5 m. Has an unearthed plug.

821050-1	See drawing	white	635.74
821050-2	See drawing	black	635.74

The Lightning is a floor lamp that suits all types of spaces. It has an uplight and a downlight function with touch buttons to adjust the light in three steps. The head is rotatable, allowing the beam to be directed in the desired direction, which improves the ergonomics. The LED module has a very long life span. With its clean expression and smart functions,

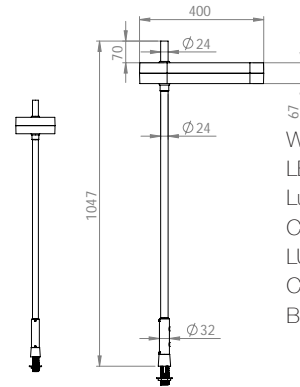

THE LIGHTNING DESK LAMP

The Lightning Desk Lamp

Can be mounted on the desk or in a Table Top with hole for a lamp. Drilled hole \varnothing 25 mm. 3,5 m cable. Has an unearthed plug.

821055-1	See drawing	white	516.91
821055-2	See drawing	black	516.91

Wattage (Whole Lamp):30+30
LED Voltage: AC 100-240V DC 24V
Lumens: \geq 4400lm
Color Temp:3500K
LUX: 1500/900/200 mm
CRI: $>$ 80
Beam angle: 120°

The Lightning is an excellent choice. A modern LED module design with touch buttons for brightness adjustment in three different positions. LEDs have an long life span. Can be mounted directly in the desk or in a Table Top Slim. The advantage with mounting in a Table Top Slim is that it gives an easy access to an extra outlet. Also available as a floor model.

TABLE TOP SLIM, WITH HOLE FOR THE LIGHTNING

Table Top Slim, with hole for The Lightning

Table Top Slim with a hole suitable for The Lightning. 3 m extension cable included. 1 ext, 2 USB charge. Table cut out: 148x62 mm and drilled hole \varnothing 25 mm.

821161-1	white	121.06
821161-2	black	121.06

The benefit of mounting in a Table Top Slim is that you easily get access to an extra electrical outlet.

Silent Pendant Lamp is a collection lamp shades, designed to be combined with a Silent Pendant Lamp. A molded lamp with thanks to its lamp shade, spreads a wonderful light and improves the acoustics of the room. The lamp screen is available in several colors and is nice to hang next to The Hut Lamp.

LAMP SCREEN FOR SILENT PENDANT LAMP

Lamp screen for Silent Pendant Lamp

A molded lamp shade in felt. The lamp shade is available in several colours. The multi-coloured ones are stated outside/inside below. The pendant is purchased separately.

821041	Ø 594	H. 200	dark grey	125.32
821042	Ø 594	H. 200	light grey	125.32

RECYCLING CPU / LAPTOP HOLDERS CABLE HOLDERS CABLE COLLECTORS

CPU/ laptop holders not only save space at the workstation, they are also equally practical and ergonomical. A full range of products in all shapes, sizes and budgets.

Cable clutter, not only aesthetically a nightmare, it also increases the risk of fire. Good cable management results in better hygiene and makes cleaning office spaces more efficient.

ReTurnIT+ is a flexible recycling module that is either mounted independently, against a wall or in a group of three. The soft-closing lids are attached with hinges. Assemble with a base plate and top plate. Choose whether you want adjustable feet or lockable wheels. As an option, there is also a top plate with a plant box where plants can be placed.

Re TurnIT + can also be obtained in other RAL on quotation. Minimum order quantity for special color is 10 pcs.

Feel free to combine with plants. Longifolia can, for example, be placed on the floor inside the cavity between the recycling stations.
We recommend the following plants:
160151 Mountain palm 900
160152 Yucca palm 700
160003 Violet ficus 1500
160076 Longifolia 2600.

RE TURNIT +

Re TurnIT +

Material: sheet metal. Volume: 125 litres.
The lid is attached with hinges.
With the option of adding plants with a maximum Ø of 200 mm.
The plant holder is adjustable.
With lockable wheels or floor stand.
